Qualitative Research. Although one important feature in ATLAS.ti is the coding function, also at ATLAS.ti we whole-heartedly support the statement that "analysis is more than coding."

A General Inductive Approach for Analyzing Qualitative

A general inductive approach for analysis of qualitative evaluation data is described. The purposes for using an inductive approach are to (a) condense raw textual data into a brief, summary format; (b) establish clear links between the evaluation or research objectives and the summary findings derived from the raw data; and (c) develop a framework of the underlying structure of experiences or
